January 2012

Dear Pastors & Brethren,

Greetings in the precious name of our Savior, the Lord Jesus Christ! An up date on Carolyn's health: January 19th, she will be cancer free for one year. We are thankful for your prayers this past year. The Lord gave 'new grace and His peace' through it all.

Doug's health: Many of you know that I have Glaucoma. Dr. Murphy has done two laser surgeries over the last three months trying to reduce the pressure. So far it hasn't, so it is a wait and see thing, then she will decide what other means she needs to do. She is doing all she can to save the eye sight in one eye. Psalm 31, "My times are in thy hand...." Please continue to pray for us and pray for the Lord's will.

Looking back over 2011, I am grateful the Lord allowed this country boy to go to China and help smuggle Bibles into the Country. I am still a Missionary! When I teach missions in the Bible college, I get the burden if no one else does! Dr. Sanney and I represented the T.B. College at the South Carolina Christian School Association, there was very little interest among the young men toward missions. Thank God for young ladies surrendering to missions; Missionaries need helpers!! But where are the Male Missionaries, the preachers, the church planters & pastors?? They all wanting jobs where they can make money. Missions need to be kept before the people 365/6 days a year. Missions is the heart beat of the church. John 3: 16 and Matthew 28:19-20 is still in the Bible. God can still do the impossible and there is nothing hard for Him to do.

2011, we had three missionaries come off of the field. Two were in Canada, they went ahead and retired. One in South America came home because of lost of financial support. He got a job to sort out his financial problems.

Pray about helping these missionaries to get to the field and stay on the field.

Thanking you for praying for these missionaries and also praying about what the Lord would have you to do.

I am grateful for the privilege to go to Israel with Dr. Venable and his church . I am praying for a missionary to go to Israel and South Africa.. I would love to get a Jewish work started here in Greenville. Also, I am praying for missionaries to come on board to replace those in Canada and South America. God is able!!

Thank you for your faithfulness in praying for us and supporting us financially. The support goes in to a work fund that I might be able to make trips to the field to visit our missionaries and enlarge our place of service for the Lord.

UNTIL THE NETS ARE FULL,

Bro. Doug & Carolyn Howard
