QUARTERLY NEWS LETTER FOR SEPTEMBER 2011

Psalms 71:18

Now also when I am old and grayheaded, O God, forsake me not; until I have shewed thy strength unto this generation, and thy power to every one that is to come.

Our deepest heartfelt condolences go out to Matt & Christy Soletto who recently lost their precious dad. Brother Chet was a faithful board of director of 14 years to EOM. He & his family are dear & faithful friends. We look forward to a great reunion one day soon, as he is now in Heaven with Jesus his beloved Saviour & his beloved wife Nancy. Matt & Christy we love you & will continue to keep you in our prayers daily.

Nursing Home-Shut In Ministry:

At present time we only have a couple shut ins to help with. However, Becky is checking into a family from church about helping in the area of cleaning & laundry. They are having several health issues so the burden of the house has been left to one. We need to focus on the good things, & be thankful for the other members of our families for all that they do. We take a lot for granite; especially ones we love. We never know what one day may hold. Our helpers may not always be able to help & we could find ourselves doing everything alone.

The RV Park Ministry: "how shall they believe in him of whom they have not heard? and how shall they hear without a preacher?"

Well Snow Birds will start drizzling in, come October. This means that things will start picking up. We met several new folks last year. We look forward to seeing them again. They are pretty special folks & we miss them dearly. Dr. Don started a verse by verse study on the Book of Revelation the middle of September. We had a great turn out. People who have never been to any of our services came. WOW, what a great blessing. Bible Study was so good. They all heard the Gospel & thus far profess to be believers.

Lewis and Jean are home now. Praise the Lord. Thanks for your prayers. Lewis returned before Jean. And Praise God he came to a couple services on his own. Keep praying...there is power in prayer & God is still performing miracles. Oh praise His Holy Name. Now with Jean back, Becky has a visitation partner again. So, Hi Ho Hi Ho it's off to folks we know & don't. Pray that Sharon will join in to reap some of God's blessings for being obedient to His word by witnessing & winning souls to Christ.

Now is when you must sit down & buckle your seat belt. As many of you know our trailer of almost 14 years has been slowly deteriorating. The cabinets pulling away from the walls, the roof needing to be replaced, hot water heater on blink, etc, etc, etc. Because of Don's health, 1 of his meds is Lasix. So he is up & down all night. This is very painful for his ankles to go up & down the stairs every time. We placed a request with our little group here to pray for something all on 1 level....well long story short... we bought a Park Model all on 1 level; yet elevated for flooding of course. The owner here is selling (giving away) all their rental units. Our's is a very nice 30' x 14' with a 10' x 20' screened porch. We now have grass & no more sand. We have 3 views of the Lake with sunsets to the left & sunrises to the right. Oh to view the canvases of The Master Painter. This place came fully furnished, yep, furniture, tv, microwave, even down to towels, dishes, bedding, etc. Don is so tickled for the 1st time in 17 years he has a regular flush toilet. After 5 long years without, Becky gets a bubble bath....ladies you know about those "Calgon take me away" needed moments. Oh the things we take for granite. OK, NOW MAKE SURE YOUR BUCKLED UP..... We got it all for \$ 3000.00 - that's 3 thousand dollars & 0 cents. "O taste and see that the LORD is good". Becky took the jewelry she had accumulated from her mom over the past 50 years \$ sold it in order to buy it. GOD had already provided. Yet He did not require she sell it all. She was able to keep a few of her favorite pieces. Open house is Saturday 10-8-11 from 8-4. Stop by any time & see what God hath done. "O taste and see that the LORD is good" We are now located in the center of the park where everyone passes by. They do here the Gospel as we sit on the porch most of the time we are at home. We only listen to good Gospel Music with which they also here when passing by. PRAISE JESUS!!! HALLELUJAH!!!!!!!

Personal Issues: "O taste and see that the LORD is good"

ADDRESS CHANGE: Only the lot # changed. We went from lot 18 to lot 88. Everything else is the same. Piper is doing great. We finely got his health issues straightened out. He loves his new home. He has 3 sometimes 5 other dogs to run up & down the fence line with, plenty of squirrels to chase as well. Don has lost 33 lbs & doing much better. Becky is still trying to catch up. With the move she is only 3 weeks behind now. Internet service down but will have up and running again soon. Thanks for your patience.

Once again thank you for your prayers and support of this, God's, ministry he has allowed us to care for while on His earth.

Serving Christ Together: With much love for all,

Don & Becky
