Dear Friends and Prayer Partners,

It is a joy to write this letter from Paraguay after the Lord answered our prayers to be able to return here on September 9th. Although we encountered delayed flights, mechanical problems with two planes, and numerous other events to get here, we are thankful for a safe arrival and no missing luggage. We are also grateful for missionary friends who waited at the airport for us until 3:30 a.m. on Friday when we were scheduled to arrive around 11:00 p.m. on Thursday.

After a few hours of sleep on Friday, we were able to get our drivers licenses renewed as well as the vehicle registration. This enabled us to begin other necessary paperwork and house hunting. We have been surprised at the rise in prices of housing, which has also been affected somewhat by the lower dollar exchange at this time. Please pray with us to find the location God would have for us as we begin our third term. Also, pray for the real estate agents and home owners that we meet during the process as we witness to them.

We are in the process of beginning an intensive review of Spanish and frequently used Guarani phrases as we prepare to begin a new church outside the capital of Asuncion. We have visited the area twice and continue to be burdened for this neighborhood which has no church for the people to attend. These people are in need of the truth of God's plan of salvation.

Thank you for your prayers for us on the field as well as for Nathaniel who remains in North Carolina to finish his last two years of college.

In His Service,

Mike, Sharon, Nathaniel, and Nicolas Thompson
